PROJECTS

AL-Barakat Optics *PHP, HTML, CSS, JavaScript*
Self-initiated full-stack online eyewear store built for a family-owned optics business product catalog and order handling end to end.

SkillSync *Next.js, React, TypeScript, NestJS, PostgreSQL*
AI-assisted job portal with CV parsing, job matching, and learning roadmaps; authored the Software Requirements Specification (SRS) defining system scope. **SRS** **GitHub**

How PhySix.h *Java Swing*
Interactive physics simulation suite such as projectile motion, ideal gas behavior, Newtonian mechanics, and pendulum motion. **GitHub**

ChemPointer *Java Swing*
Companion simulation suite exploring core chemistry concepts interactively, built in the same spirit as How PhySixh . **GitHub**

IIT NSTU (Unofficial) *HTML, CSS, JavaScript*
Self-taught, self-built in just the 2nd term of 1st year , a from-scratch website for my own institute, built purely out of curiosity. **GitHub** · **Live Demo**

SABAS Mentor Platform *HTML, CSS, JavaScript*
Website for an ed-tech mentoring platform, built to showcase mentor profiles and course information. **GitHub** · **Live Demo**

BondhuAR *HTML, CSS, JavaScript*
A website designed and coded as a personal wedding gift for a close friend's family , a favorite reminder that code can be a gift, too. **GitHub** · **Live Demo**

AIDLINE *Requirements Engineering*
Authored the SRS for a medical assistance platform concept; implementation planned as a follow-on build. **SRS**

Real-Time Face Detection *Python, OpenCV*
Built a real-time face detection system applying computer vision fundamentals.

RESEARCH & COURSEWORK

- Literature review on Distributed Systems concepts as part of coursework.
- Literature review on Software Design & Architecture practices and patterns.
- Survey study on topics in advanced Database Management Systems (DBMS-II).

WORK EXPERIENCE

Frontend AI Engineering Intern | *Flyrank AI (Remote)* Jul 2026 – 12 weeks

Cybersecurity Intern | *DG Intern Hub (Remote)* Aug 2026 – 3 months

Physics Mentor & Web Developer | *SABAS*

- Mentored students in physics while designing and building the platform's mentor showcase website.
